We touch families and children through our child welfare programs like FOSTER CARE, FOSTER HOME LICENSING AND ADOPTION. We provide INDIVIDUAL & FAMILY COUNSELING services to people of all ages. We provide a variety of BEHAVIORIAL HEALTH SERVICES for both Substance Use Disorder and Mental Health with a presence in the Jackson schools and Jackson College.

We also provide an EMPLOYEE ASSISTANCE PROGRAM to companies in the surrounding Jackson area. We provide PARENT EDUCATION to anyone in the community who wants to learn to be a better parent and IN-HOME PARENT EDUCATION to parents trying to reunify with their children in foster care.

We provide a DIVERSION PROGRAM for youth so they can have a second chance after making a mistake, and we provide DRUG & ALCOHOL PREVENTION EDUCATION to all of the youth in our JACKSON County middle schools and high schools.

We provide ADULT GUARDIAN SERVICES to vulnerable adults in the community who cannot take care of their own medical and financial affairs. We partner with other providers in our community to make Jackson a Trauma-Informed Community. Services are available to all residents of Jackson County without regard to race, color, ethnicity, religion, national origin, age, gender, sexual orientation, gender identify, or disability.
